Originally founded to support our troops in combat overseas, the Green Beans Coffee Company of today is expanding worldwide.

Firmly-rooted, non-negotiable, and the firm foundation of our operating philosophy is a heritage of supporting those who put their lives at risk for our country.

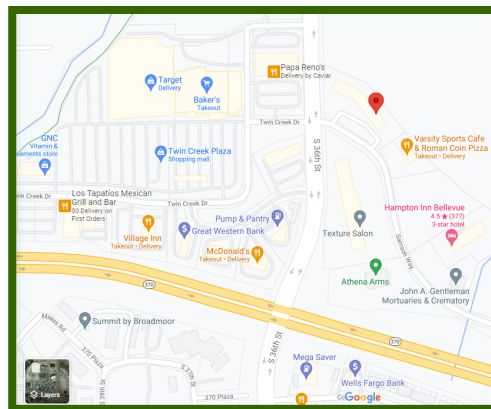

At Green Beans Coffee, we believe that community is cultivated over a hot cup of extraordinary coffee or tea, as it has been, all over the world, for generations.

We honor our brave men and women in uniform by donating a percentage of our sales to organizations which support military families and children of the fallen.
